1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Page 2

2. Claims 13-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In newly-amended, independent claim 13, the phrase, "which is defined as being shorter than the duration of the message includes in any of the responses to be pre-detected" (lines 15-16) is unclear in that the phrase does not make grammatical sense. It appears that perhaps the word "includes" may have been intended to be "included."

In newly-amended, independent claim 22, the phrase, "which is defined as being shorter than the duration of the message includes in any of the responses to be pre-detected" (lines 18-19) is unclear in that the phrase does not make grammatical sense. It appears that perhaps the word "includes" may have been intended to be "included."

In newly-amended, independent claim 25, the phrase, "which is defined as being shorter than the duration of the message includes in any of the responses to be pre-detected" (lines 17-18) is unclear in that the phrase does not make grammatical sense. It appears that perhaps the word "includes" may have been intended to be "included."

Dependent claims 14-21 are unclear at least in that they depend from unclear independent claim 13.

Dependent claims 23-24 are unclear at least in that they depend from unclear independent claim 22.

- 3. Claims 13, 22, and 25 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
- 4. Claims 14-21 and 23-24 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
- 5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
